

Caprood Participates in New Hampshire Union Leader Symposium Series

MARCH 24, 2021

The symposium series includes in-depth discussions of critical issues New Hampshire residents, companies and organizations face. Each event will bring together experts and key players for an open discussion of problems and solutions. Heidi Caprood, PE will be a panelist at the March 24 Women in Engineering: Work/Life Balance symposium.

The rate of change was exponential in 2020 and whatever your version of work/life balance was, it has likely dramatically changed. Our panelists will talk about their own experiences and provide tips for how to succeed in 2021.

Other panelists include:

- Kristin Smith, Ph.D., MPH, Research Associate Professor of Sociology, Dartmouth College
- Nikki Delude Roy, PG, Vice President, GeolInsight, Inc.
- Laurie Perkins, PE, Associate Vice President, Wright-Pierce
