

## Sanborn Head Welcomes James Tangeman as VP, Air Quality & Greenhouse Gas Emission Services

FEBRUARY 2, 2026

Sanborn Head is pleased to announce the addition of James Tangeman as the firm's Vice President, Air Quality & Greenhouse Gas (GHG) Emission Services. In this role, Jim will work closely with Sanborn Head's leadership and technical teams to uphold the firm's commitment to excellence and responsive client service.

"We're excited to have Jim join our team," said Barret Cole, President and CEO of Sanborn Head. "His extensive and specialized technical experience in air services will help us continue our thoughtful, strategic growth while reinforcing and enhancing our firm's culture of delivering high-value services that meet the specific needs of our clients."

Jim brings 35 years of experience in GHG emissions accounting, air quality permitting and compliance, regulatory analysis and advocacy, methane emissions management, and decarbonization strategy. His comprehensive perspective on environmental challenges and solutions will further strengthen and expand Sanborn Head's air services, ensuring clients benefit from innovative, state-of-the-art solutions tailored to their business objectives.

Jim, working from Sanborn Head's Denver, CO office, will help develop and apply advanced air quality strategies nationwide.

Please join us in welcoming Jim to Sanborn Head.
