

Stamp Joins Sanborn Head's IT Team

JULY 31, 2025

Sanborn Head is pleased to announce the addition of Danny Stamp as the firm's Director of Information Technology. Danny brings extensive experience and will work closely with Sanborn Head's leadership and technical staff to ensure that our teams have the technology resources necessary to continue providing technically excellent work product and highly responsive service to our clients.

"We're excited to have Danny join our team," shares Barret Cole, President and CEO of Sanborn Head. "His extensive and specialized technical experience will help us continue our thoughtful, strategic growth while reinforcing and enhancing our firm's culture of delivering high value services that meet the specific needs of our clients."

As the Director of Information Technology, Danny Stamp will oversee the planning and development of Sanborn Head's information systems and data processes so that our team has the tools and solutions needed to service our clients. Danny is well versed in dynamic IT operations and delivering results that align with business objectives, including facilitating process improvements within complex network environments while maintaining large-scale enterprise systems. Danny will work with our teams to shape how we use state-of-the-art IT solutions to better leverage technology while paying attention to our "big picture" business needs and enterprise-wide data security and compliance.

Please join us in congratulating Danny and welcoming him to Sanborn Head.
