

Team Sanborn Head Presents at Air & Waste Management Conference

JUNE 25, 2018

Sanborn Head is proud to have five team members presenting at the 018 Air & Waste Management Association's Annual Conference (June 25-28) in Hartford, Connecticut.

They will be providing their technical expertise to audience members seeking information on critical issues impacting the environment. Sanborn Head's team consists of Heather Little, P.G.; Stephen Zemba, Ph.D., P.E.; Lisa Damiano, P.E.; Harrison Roakes, E.I.T.; and Matthew Estabrooks, P.E. The group will be presenting on papers of various subjects, including the following: *Siloxanes: Impact on Landfill Gas Engine-Generator Air Emissions*, *Assessing Risks of Using Soils in Landfills as Cover*, *PFAS and the Solid Waste Industry*, *Case Study of Residential Redevelopment and PCB Encapsulation*, *Derivation of Risk-based Emission Limits for Formaldehyde from Landfill Gas-to-Energy Engine Emissions* and *Management of Mildly-Contaminated Soil Outside Landfills*.
